

Hello!

I'm Afra, a recent MCA graduate. Though I'm just starting out, I've been exploring design out of pure interest and creativity. The samples included in this document are some of my initial works created while learning and experimenting with tools like Figma and Canva. I have also included my MCA final sem project design. I may be a fresher, but I'm eager to grow, learn more, and bring fresh ideas to the table. Thank you for taking the time to check out my work!
